

WildSafeBC New Denver - Nakusp

2 mins · 🌐

Hello New Denver, Silverton, Nakusp and Area K. I am your new WildSafeBC Community Coordinator, Tammy White. I am looking forward to working in your beautiful region to help minimize human wildlife conflicts through education and proactive attractant management. I am thrilled to see how much has already been accomplished in the area. I hope to build upon the many amazing collaborations that already exist, to make many new ones, and to continue to work together to keep wildlife and communities safe.

Please feel free to message me through Facebook, email me at newdenver@wildsafebc.com or call 250-505-4393 with any requests for me to attend events, or to arrange to continue with preexisting WildSafeBC collaborations within your community.
