

# VILLAGE OF SILVERTON

## COMMITTEE OF WHOLE COUNCIL AGENDA

SILVERTON COUNCIL CHAMBERS – VILLAGE OFFICE – 421 LAKE AVE.

May 22, 2019

4:00 pm

---

A. CALL TO ORDER

B. THE VILLAGE OF SILVERTON ACKNOWLEDGES THE INDIGENOUS PEOPLES ON WHOSE TRADITIONAL TERRITORIES WE STAND

C. ADDITION OF LATE ITEMS IF ANY

D. DELEGATION

E. DISCUSSION

G1. Welcome sign – Welcome to Silverton, Please Drive Gently [December 2018, Resolution 135/2018] [could be added to welcome sign, but would need to be colourful and “stand out”]

G2. Human/Wildlife conflict – annual discussion

G3. Compost Bins Placement – Place at recycling area, 2 letters from the public [February 2019, Resolution 013/2019]

G4. Electronic Recycling [May 2019]

E. ADJOURNMENT

G 1

November 13, 2018

Dear Mayor and Councillors,

I would like to suggest that a particular signage that is unique about speed be implemented for the main drag in Silverton. It would add a uniqueness to the Silverton landscape and make our little village stand out. The signs are simple and would read:

**“Welcome to Silverton- Please Drive Gently”**

The colour and graphic design could be discussed at a later date. It would allow people to take notice, just like I took notice over 30 years ago passing through Cecil County in Maryland, USA.

Thank you for your consideration for this proposed idea.

Sincerely, Larry Zaleski

## Administrative Report: Hillary Elliott, CAO

Village of Silverton Council

### COTW Meeting of Silverton Village Council May 22, 2019

---

#### **Executive Summary**

The purpose of this report is to present information regarding the request by Silverton Council for staff to look into an Electronic Collection service in Silverton at the April Regular Council meeting.

#### **Background**

RDCK staff provided information regarding Electronic Collection suggesting the Village contact Craig Wischart at EPRA. I was able to speak with him this week; however, he did not provide any written information.

#### **Financial Impact**

There is not any known financial impact at this time. There is a nominal amount of revenue we would receive per tonne collected.

#### **Discussion**

There is a 4X4X4 fabric "container" that sits on a skid. Only acceptable goods are allowed in this container (I would be given information as to the acceptable goods should the Village wish to proceed) and the Village would enter into a contract with EPRA's contractor. We would call for a pick up when the container is full.

RDCK staff seemed to believe we might be able to coordinate with the new recycling depot that will be required to be staffed. However, this seems to require Village staff to find a secure place to store the container when the Depot is not staffed and move it regularly. This would be a new duty for staff to accommodate. As well, our staff hours may not coincide with the Depot staff.

Inappropriate items and garbage dumping could be an issue without the use of Depot staff, which would cause problems with our contract for the Electronic Collection.

Hillary Elliott  
CAO, Village of Silverton
